Thanks Glen. I am scheduled to have the car all week - just wanted to give you a heads-up.

Kelley,

As long as you're scheduled to have it today, it doesn't matter. I'm not in the office, so I can't check.

I hope you feel better,

Glen

Hi Glen -

Looks like Dimock sampling is on hold - at least until next week.

I am not feeling well this morning and so I'm staying home. I plan to return the car tomorrow. Hope that doesn't cause any problems. Still looks like I'll need it next week.

Thanks - Kelley
